

Discover our story: connecting businesses, sharing success.

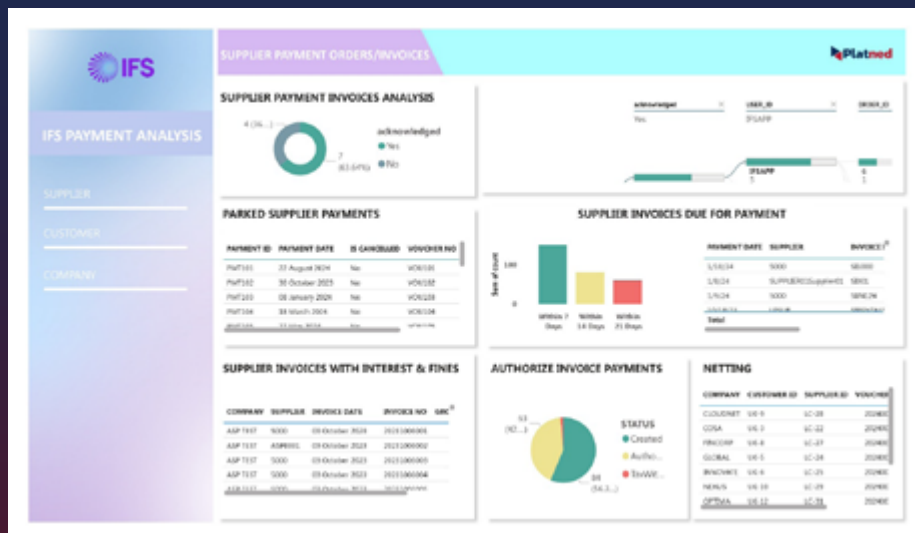

IFS supplier payment data analysis dashboard

The IFS Supplier Payment Data Analysis Dashboard is designed to enhance business efficiency by providing a comprehensive and streamlined view of supplier payment processes.

Higher management gains a comprehensive view of the company's direction, enabling informed decision-making and strategic planning.

Mobile dashboards allow for immediate attention to high-priority tasks, ensuring timely responses and actions.

Key features:

Date source integration:

Capable of connecting to a wide range of data sources, including ERP systems, CRMs, databases, and cloud platforms.

Flexible customerisation:

Highly customisable with a variety of visuals.

Access control:

Allows sharing with internal teams, departments, or external users depending on permission settings.

Dynamic visualisation:

Provides sophisticated, engaging, and highly interactive visual displays.

Effortless filtering:

Provides an easy-to-use and intuitive system for filtering data.

Actionable insights:

While it doesn't support direct actions, it delivers valuable insights to guide data-driven decision-making.

Complex data handling:

Perfect for integrating, modelling, and analysing intricate data from various sources.

Mobile-friendly:

Optimised for seamless use on mobile devices with full responsiveness.

Collaboration sharing:

Simplifies sharing across platforms such as Microsoft Teams, SharePoint, and the web.
